

Color spaces

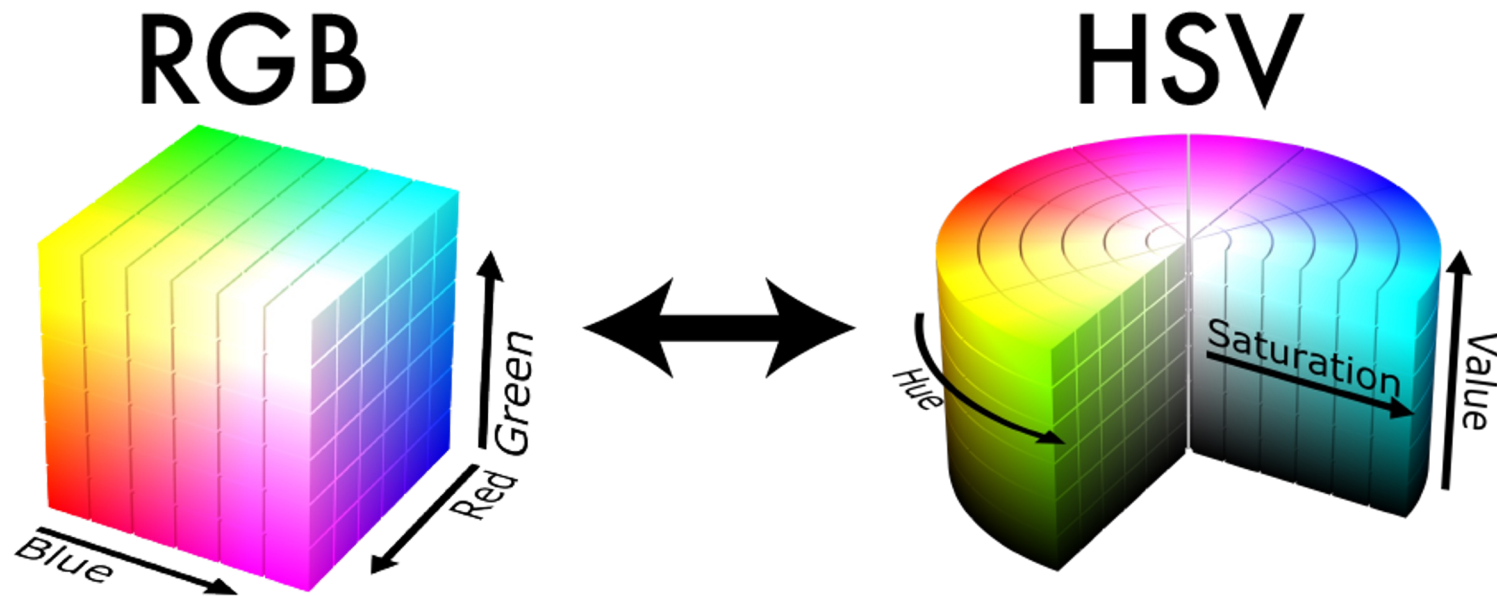

What is a color space?

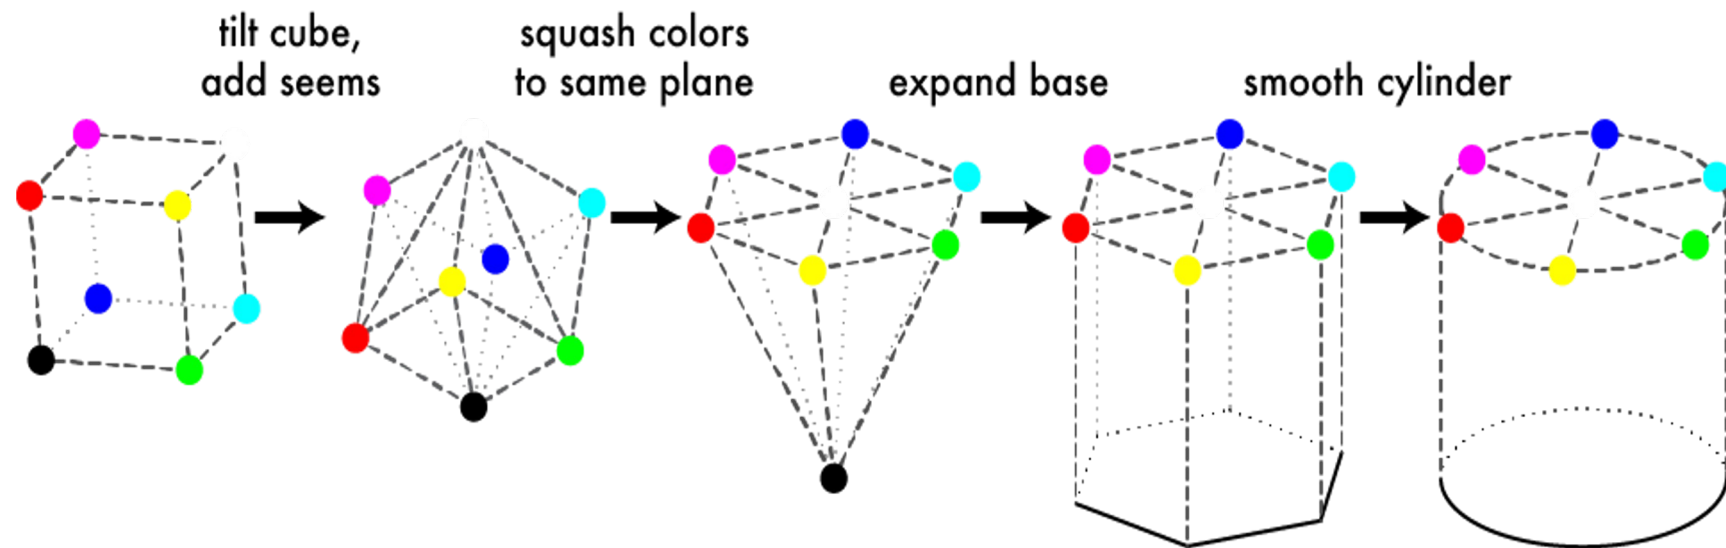

Slides are from:

<https://pjreddie.com/courses/computer-vision/>

Other colorspace are fun!

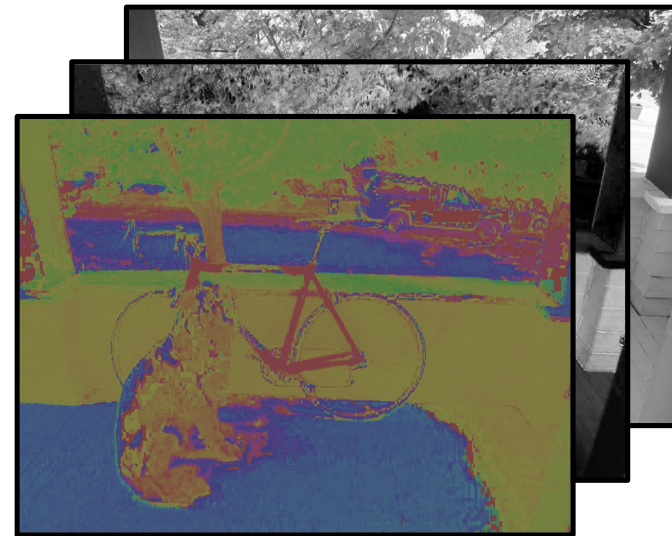

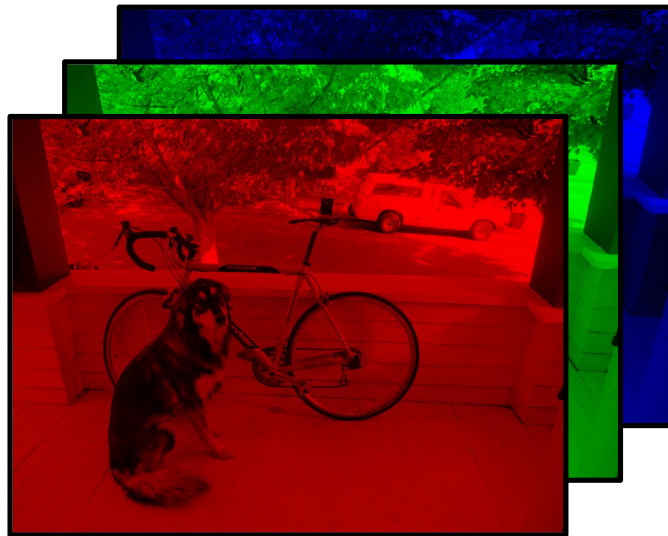

Geometric HSV to RGB:

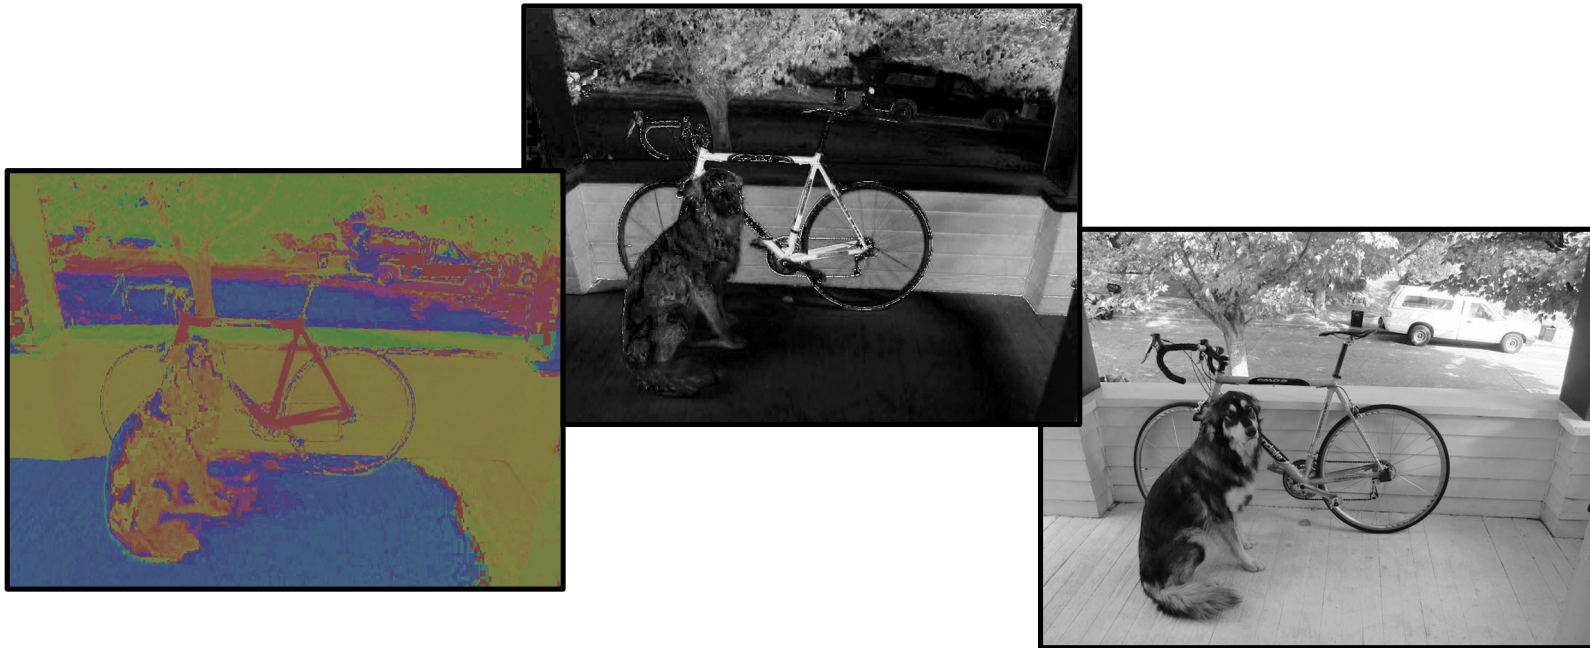

<https://www.rapidtables.com/convert/color/hsv-to-rgb.html>

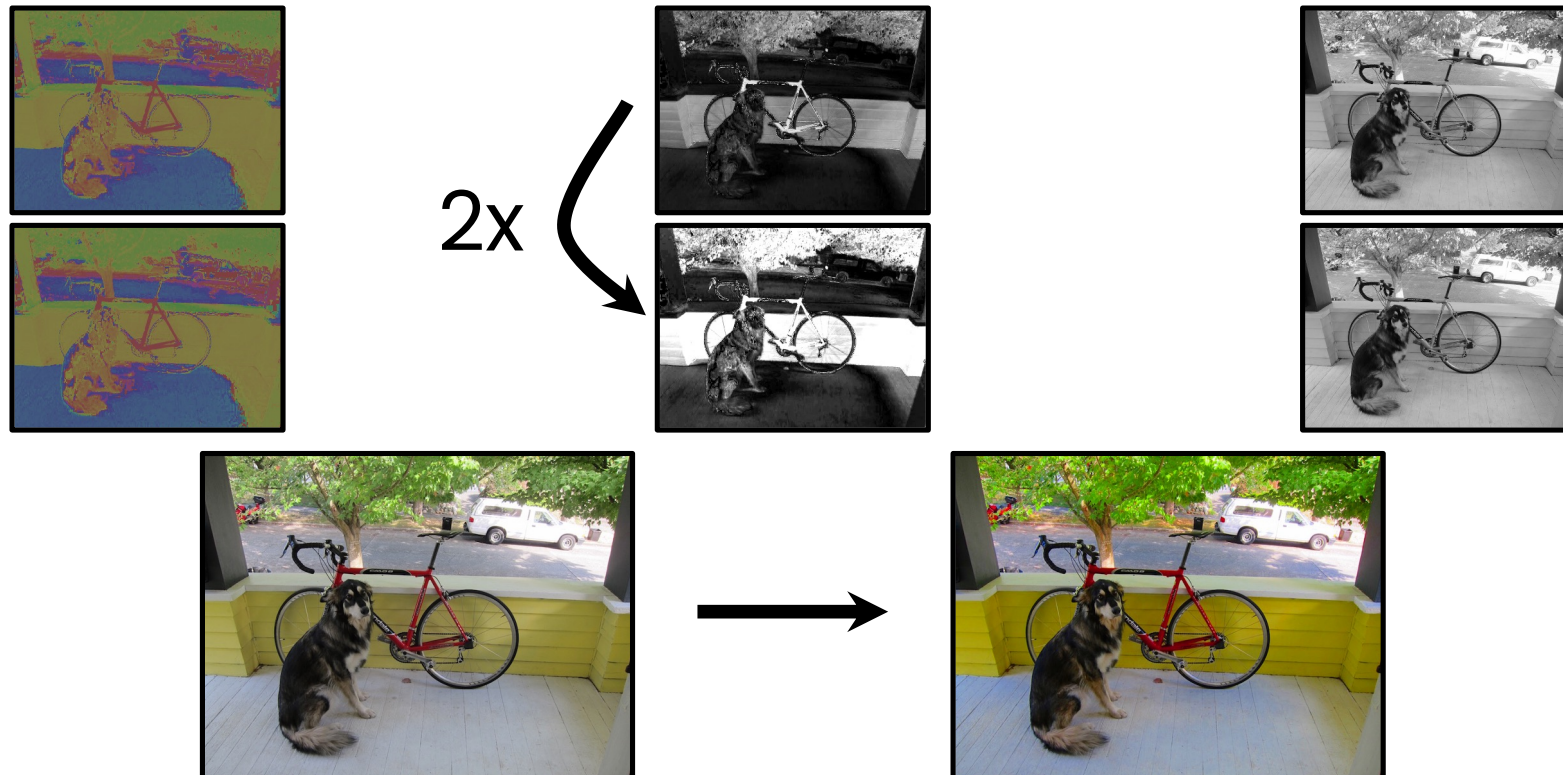

Still 3D tensor, different info

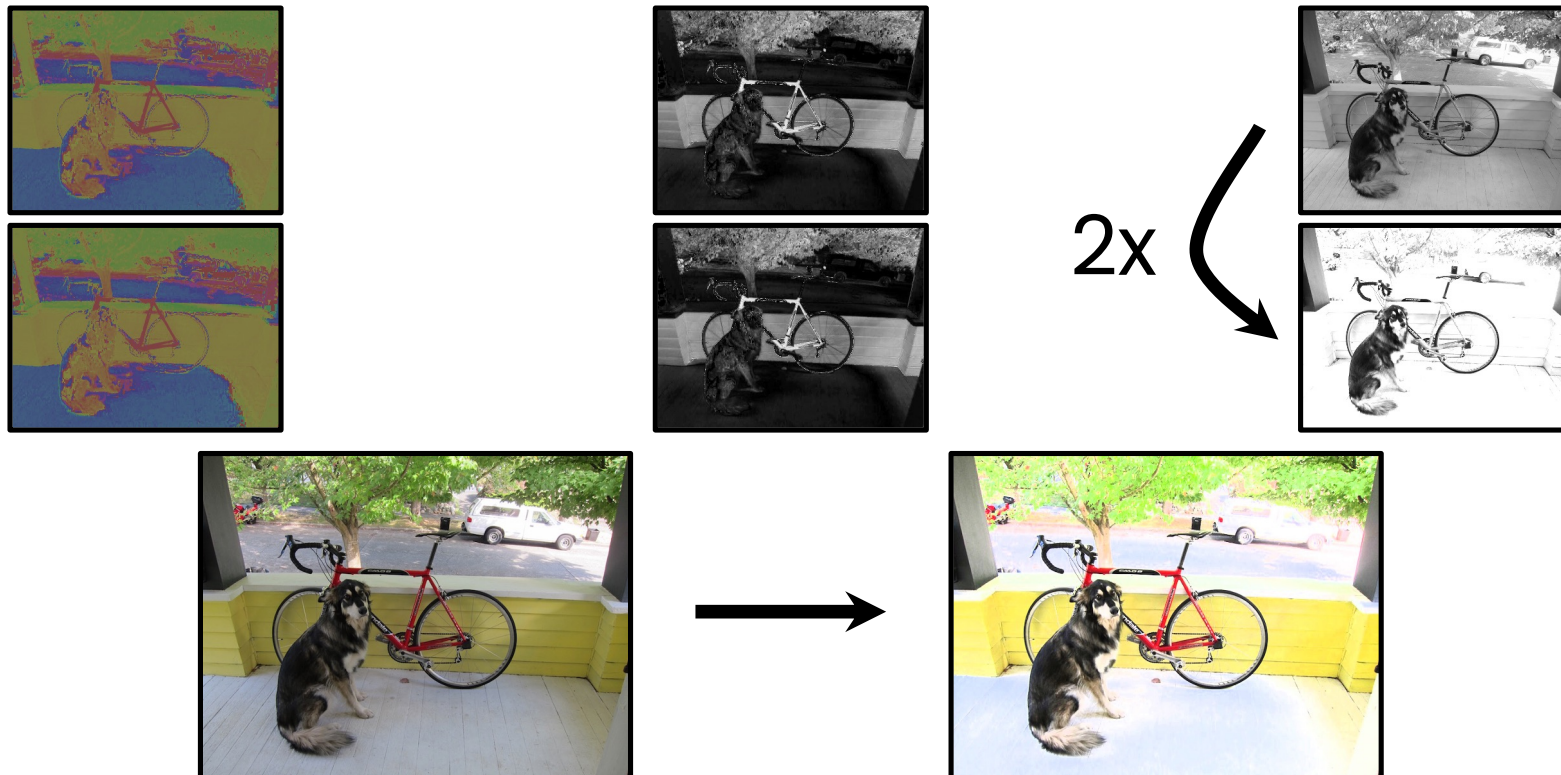

Hue Saturation Value

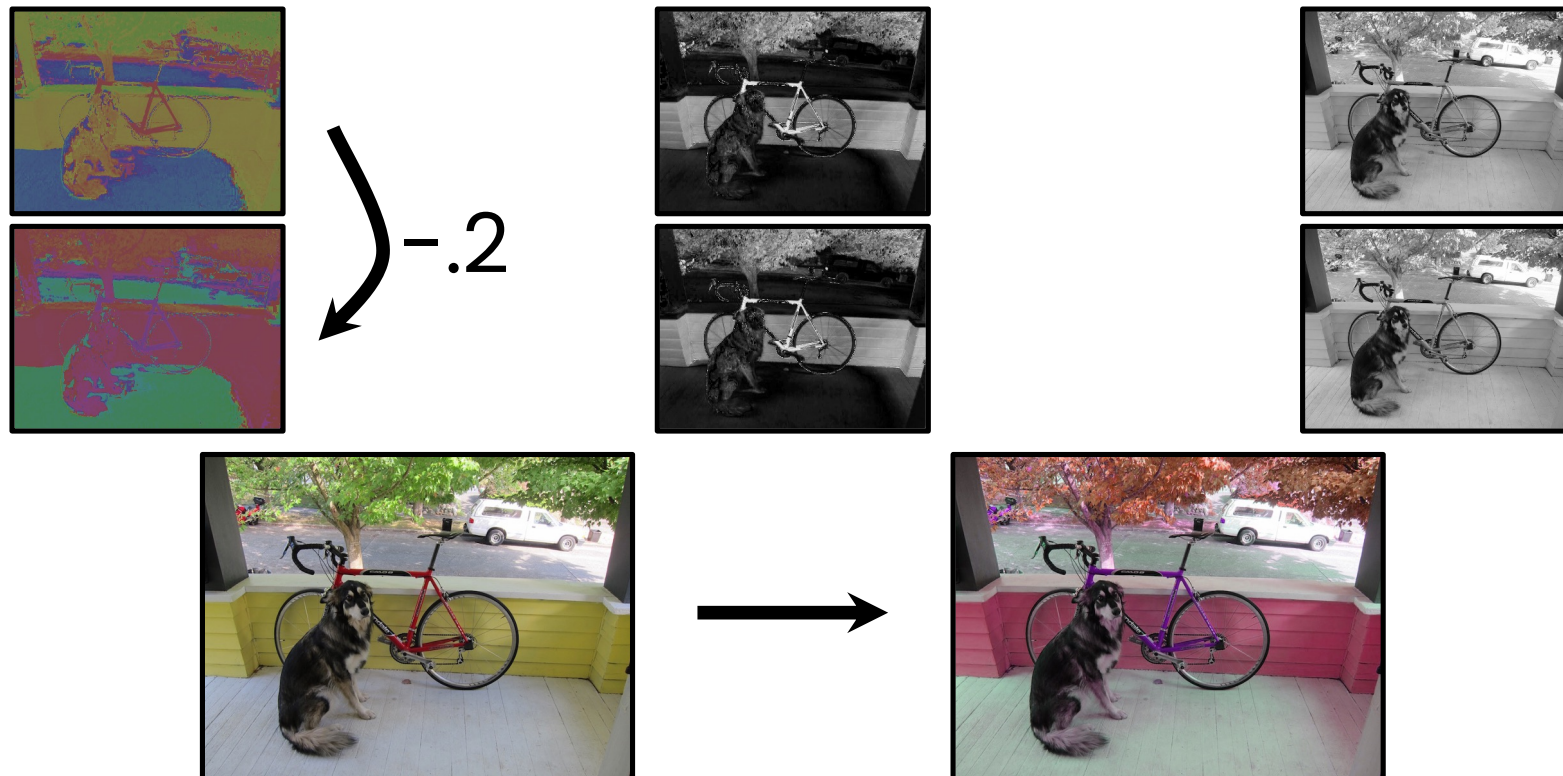

More saturation = intense colors

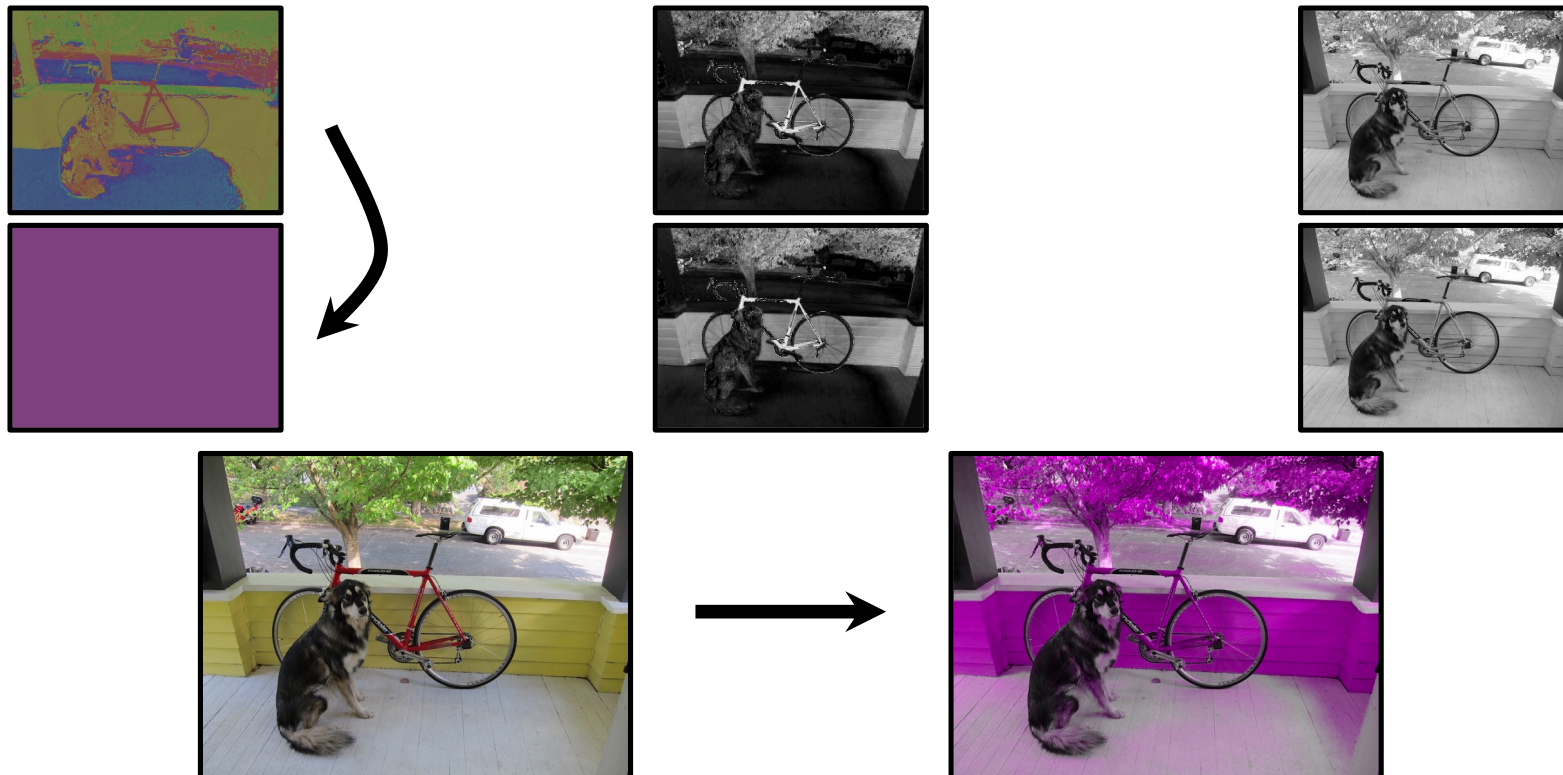

More value = lighter image

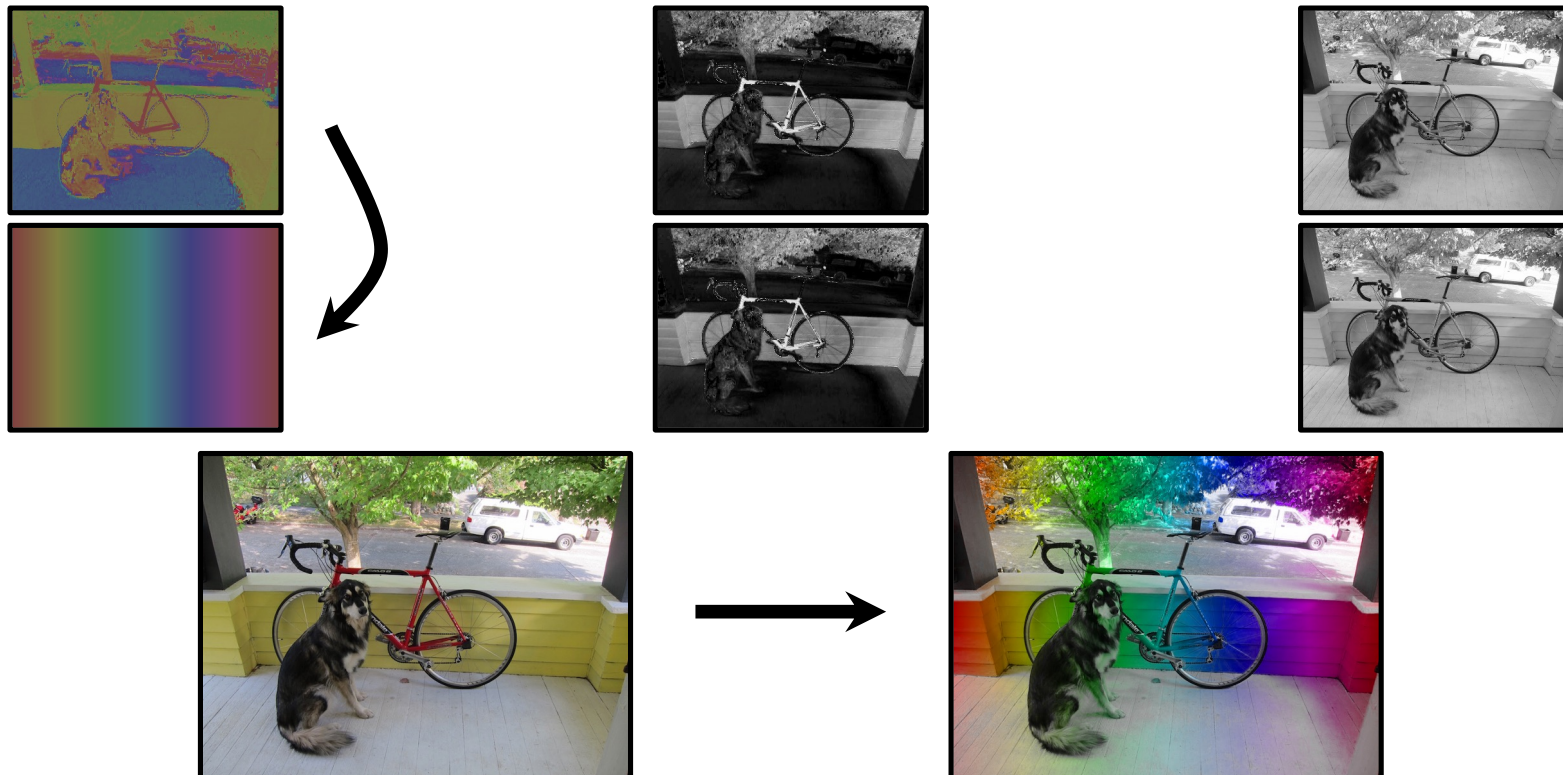

Shift hue = shift colors

Set hue to your favorite color!

Or pattern...

Increase and threshold saturation
